# The Generator Guide To TNPCB:

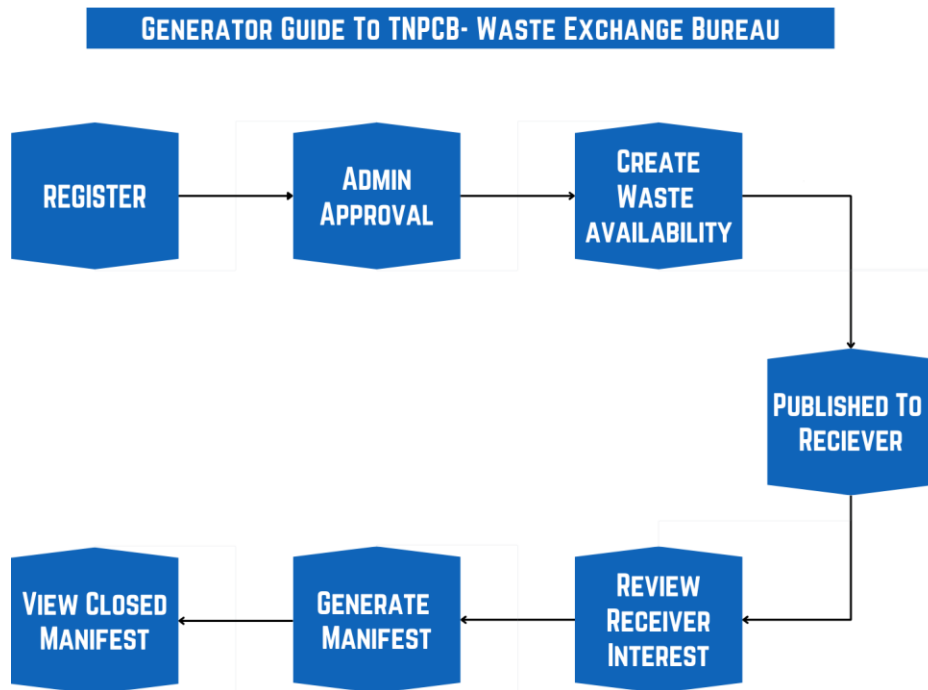

## Welcome to Tamil Nadu Pollution Control Board (TNPCB):

The objective of TNPCB is to enhance the visibility and connection between both waste generators and receivers. Currently, waste generators and receivers exist, but there is a lack of awareness about where to buy or sell waste. While transactions are happening, they are not well visible or accessible.

TNPCB aims to bridge this gap, increasing visibility for both generators and receivers. This will ensure a more transparent and accessible marketplace for waste handling and recycling. Additionally, it will help the general public understand that waste is being managed and recycled safely and responsibly, contributing to a cleaner and more sustainable environment.

Discover valuable resources and information about pollution control, regulations, and compliance at <https://tnpcb.gov.in/owems>

## Generator Flow:

# 1. Home Page:

Link To Home Page : <https://tnpcb.gov.in/owems>

## 2. Generator / Receiver Register:

As a generator or receiver starting your journey with the Tamil Nadu Pollution Control Board - Waste Exchange Bureau (TNPCB), just follow these steps:

1. **Get Started by Signing Up:** Create your account on our platform. Fill in your details to access the resources and services tailored to your needs.
2. **For Generators:** Register your industry and provide information about the types and quantities of waste generated. Access guidelines and compliance information to manage your waste responsibly.
3. **For Receiver:** Sign up to connect with waste generators and explore opportunities to purchase and recycle industrial waste. Access resources on best practices and regulatory compliance.
4. **Unique Email and Mobile Requirement:** Whether you are a generator or receiver, your email address and mobile number must be unique to ensure proper identification and communication.

Begin your personalized journey towards environmental stewardship and sustainable practices today!

**Note:**

During registration, if you create a custom waste under **Other Waste** → **Others** and enter the waste name, it will remain inactive. You won't be able to see or use it until the admin activates it. Once approved, you can proceed with creating the waste.

### 3.OTP:

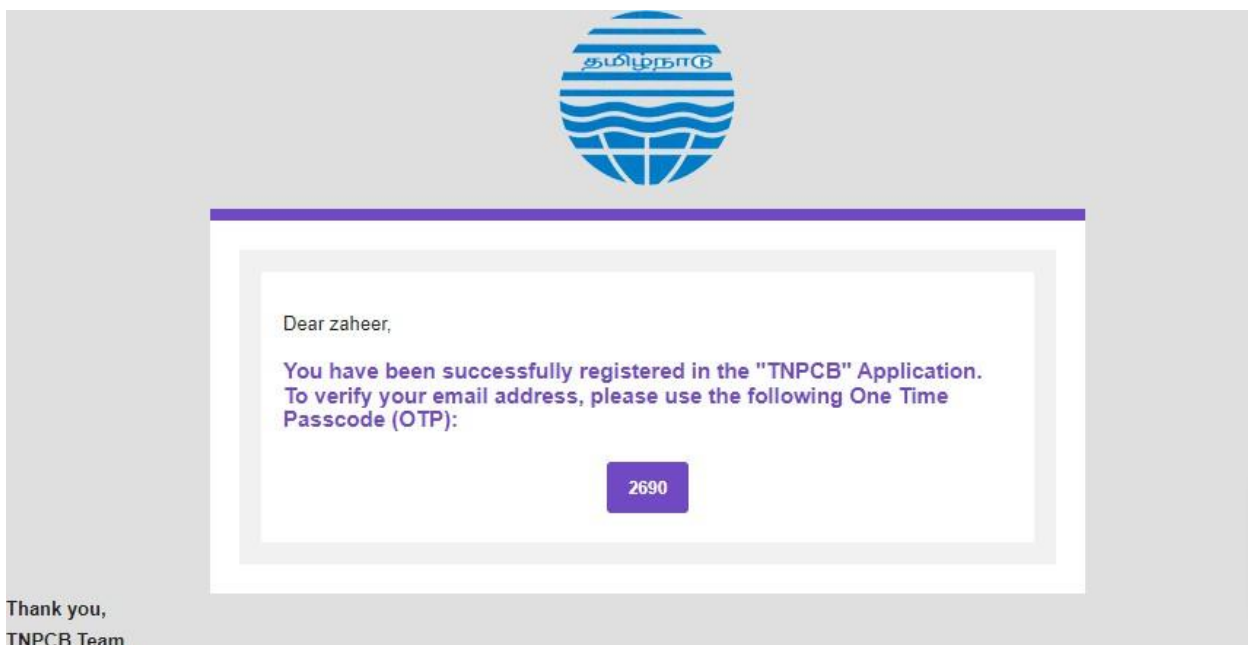

After registration you will get OTP through mail and enter in the OTP field:

### Note:

If you miss the OTP verification after registration, your account will be created but not verified, which will prevent you from logging in. To verify your account, simply log in with your username and password. You will receive a message indicating that your account is not verified, followed by an OTP prompt. The OTP will be sent to your registered email.

### 3.1. OTP mail:

### 3.2. Success Mail:

After OTP is verified you will get success mail

Dear Mohamed Zaheer,

Thank you for confirming your "TNPCB" account to sign in to our site, use these credentials during the Login:  
<https://tnpcb.webindia.com/>

- **Email:** [zaheer@webindia.com](mailto:zaheer@webindia.com)
- **Password:** Password you set when creating account

Thank you,  
TNPCB Team

## 4. Login:

Enter your username and password to log in and access exclusive features to begin your TNPCB experience.

The screenshot shows the homepage of the Tamil Nadu Pollution Control Board (TNPCB) Waste Exchange Bureau. The header includes the TNPCB logo, the text "TAMIL NADU POLLUTION CONTROL BOARD" and "WASTE EXCHANGE BUREAU ... a centralised platform for trading of wastes", and the "LIFE Lifestyle for Environment" logo. A navigation menu contains links for Home, User List, Categories, Regulations, Guidelines, SOPs, Transport Compliance, Reports, and Register. The main content area features a "User Login" section with a red circle around the title. Below the title, there are radio buttons for "Generator" and "Receiver". The login form includes fields for "Enter your Email", "Enter Password" (with a toggle for visibility), and "Enter Captcha" (with a refresh button). There are also links for "Forgot Password?" and "New Register? click here". A "Submit" button is at the bottom of the form. To the left of the login form, there are statistics for "Waste Generators: 24" and "Waste Receivers: 13", and a banner for "Implement Circularity on waste management".

## 5. Generator Home page:

On the homepage, you can view common details such as your industry name, whether you are a generator or receiver, the types of waste you have registered, and your personal details like name, mobile number, and email.

The screenshot shows the user profile for Mohamed zaheer, a generator. The profile includes the following details:

- Name:** Mohamed zaheer
- Phone Number:** 7550178267
- Email ID:** zahee.r@webindia.com
- Address:** #12, Mount Salai, alandur metro, alandur, CHENNAI, TamilNadu - 600123

Waste Categories and Authorized Capacity:

Waste Categories	Authorized Capacity
Battery waste	3455.00 - Tonnes / Year

## 10.1. Manifest Generator List.

After generating a manifest, the generator can view it in the sidebar under **Manifest Management -> Manifest Generator List.**

The screenshot displays the user interface of the TAMIL NADU POLLUTION CONTROL BOARD WASTE EXCHANGE BUREAU. The header includes the organization's name and logo, along with the tagline "... a centralised platform for trading of wastes". The left sidebar contains navigation options: "Rocks building12 Generator", "Dashboard", "My Profile", "Waste Management", "Manifest Mangement", "Manifest Generated List", "Manifest Accepted List", "Change Password", "Back to Home", and "Logout". The main content area is titled "Manifest Generated List" and features a search bar with the value "10". Below the search bar is a table with the following data:

S.NO	Reference ID	Waste Title	Category	Quantity	Generated Date	View	PDF
1	20241226100513	battery waste 07-11-2024	Battery waste	30.00 Tonnes	26-12-2024	<a href="#">View</a>	<a href="#">PDF</a>

Below the table, it indicates "Showing 1 to 1 of 1 entry" and includes pagination controls.

## 10.2. Manifest Accepted:

After the manifest is accepted by the recycler, the generator will receive an email notification confirming that the manifest has been accepted.

The screenshot shows an email notification from the TAMIL NADU POLLUTION CONTROL BOARD. The email is addressed to "Dear Mohamed Zaheer," and contains the following text:

We are inform you that the manifest Doc ID #29 for the waste disposal "Plastic waste from food factory" request has been accepted by the buyer.

Reference ID is 20240807175100
